Section II.4. Cooperative Arrangements

The City and the Developer have requested the assistance of the Authority in financing a portion of the Costs of Public Infrastructure Improvements in order to enhance, foster, aid, promote and provide for economic development in the City and the County and the jurisdiction of the Authority and in furtherance of the City's obligations under the Development Agreement. In furtherance of the City and the Developer's request, the Cooperative Parties hereby agree as follows:

(a) Issuance of Bonds. To provide funds to finance a portion of the Costs of Public Infrastructure Improvements, the Authority shall issue the Bonds pursuant to and in accordance with the terms provided for in the Bond Resolution and the Indenture.

(b) City Assignment of Assigned Service Payments and Minimum Service Payments. In accordance with section 1.3(b) of the Development Agreement, in order to provide revenues to pay and to secure the Bonds, the City shall assign and Developer consents to the assignment of, the Assigned Service Payments and the Minimum Service Payments to the Authority as provided in Article III.

(c) Developer to Construct Public Infrastructure Improvements. The Developer shall cause the construction of the Public Infrastructure Improvements described on Exhibit C attached to, and referred to in, Article 1 of the Development Agreement.

Section II.5. Covenant to Make Service Payments

As provided in the TIF Ordinance and the TIF Declaration, the current and future owners of the TIF Parcels (each an “Owner” and collectively the “Owners”) shall make semiannual Service Payments pursuant to and in accordance with the requirements of the TIF Act, the TIF Ordinance, the Development Agreement and this Cooperative Agreement. The Service Payments shall be made semiannually to the County Treasurer (or to his or her designated agent for collection of the Service Payments) on or before the date on which real property taxes would otherwise be due and payable. The obligations of the Owners to make the Service Payments shall be unconditional, and shall not be terminated for any cause, and there shall be no right to suspend or set off such Service Payments for any cause, including without limitation any acts or circumstances that may constitute failure of consideration, destruction of or damage to the Development, commercial frustration of purpose, or any failure by any other party to perform or observe any obligation, or covenant, whether express or implied, arising out of or in connection with this Cooperative Agreement or the other Transaction Documents to which they are parties.

Section II.6. Covenant to Make Minimum Service Payments

Each Owner of a Parcel shall make Minimum Service Payments in the amount of each TIF Parcel Deficiency Amount for each such TIF Parcel attributable to its period of ownership of that TIF Parcel as calculated by the Calculation Agent pursuant to Section 3(b) hereof. On or before August 15th of each year commencing on or before August 15, 2027, the Calculation Agent, using the most recent assessed valuation for each Parcel as shown on the official records of the County Auditor, the effective real property tax rate (the “Tax Rate”) for the TIF Parcels, and any other official records of the County Treasurer, shall determine, based on the Minimum Service Payment Schedule attached hereto as **Exhibit A**, the amount of the semi-annual TIF Parcel Deficiency Amount (as further described in the TIF Declaration and constituting a Minimum Service Payment) due during the following calendar year, if any, for each TIF Parcel, and shall provide notice to the Issuer, the City, the Trustee and any Owner of a TIF Parcel of such determination. Upon receipt of the Calculation Agent’s determination, the City shall levy the TIF Parcel Deficiency Amount on the TIF Parcels as a Minimum Service Payment due and payable in the following calendar year. The Minimum Service Payment will be placed by the County Auditor on the tax duplicate for the applicable TIF Parcels for collection in accordance with the procedures set forth in Section 5709.91 of the Ohio Revised Code. The City will remit any TIF Parcel Deficiency Amount received with respect to the TIF Parcels to the Trustee for the Bonds to pay Bond Service Charges on the Bonds when due. To the extent the actual Assigned Service Payments for a year in which a TIF Parcel Deficiency Amount is assessed exceed the amount calculated by the Calculation Agent, such that a Minimum Service Payment paid in accordance herewith exceeds the amount required, the excess (each, an “Excess Minimum Service Payment”) shall be paid to each Owner in accordance with the Indenture.

The Minimum Service Payment will be apportioned by the Calculation Agent among all of the TIF Parcels in accordance with the procedures set forth in the TIF Declaration.

Regardless of the apportionment method, such apportionment shall be evidenced by an Addendum to the TIF Declaration filed prior to the subdivision or consolidation by the Owner of such TIF Parcel being subdivided or such TIF Parcels being consolidated.

Section II.7. Cost Certificates and Completion Certificate

. Pursuant to Section 1.4 of the Development Agreement, the City is requiring the Developer to certify the Costs of Public Infrastructure Improvements prior to the payment by the City of any Assigned Service Payments or the Minimum Service Payments to the Developer to reimburse the Costs of Public Infrastructure Improvements. The City shall review each Cost Certificate and upon execution and approval by the City, the City agrees that the Costs of Public Infrastructure Improvements set forth on such Cost Certificate shall be deemed Costs of Public Infrastructure Improvements under the Development Agreement that are entitled to be reimbursed from Assigned Service Payments and the Minimum Service Payments in accordance with the TIF Ordinance. Each Cost Certificate shall be delivered to the Authority following execution and approval by the City. All Costs of Public Infrastructure Improvements approved by the City pursuant to a Cost Certificate shall be deemed to be Costs payable from the Project Fund pursuant to Section 5.03 of the Indenture. In connection with the request for disbursement from the Project Fund to pay Costs, the Developer shall execute and deliver to the Authority a Disbursement Request in the form attached as Exhibit B to the Indenture.

Upon completion of the Public Infrastructure Improvements, the Developer shall submit a final Cost Certificate to the City for its approval. The Cost Certificate shall contain additional representations by the Developer sufficient to show that all costs of the Public Infrastructure Improvements were paid, the Public Infrastructure Improvements were completed, the date of such completion, and that the Public Infrastructure Improvements have been dedicated and accepted by the City.

ARTICLE III

Assigned Service Payments; Minimum Service Payments; Issuance of the Bonds; Allocation and Payment

Section III.1. Assignment of Assigned Service Payments and Minimum Service Payments

. In consideration of the Bonds issued by the Authority to reimburse the Costs and in accordance with the Development Agreement, the City, as requested by the Developer, hereby assigns to the Authority the Assigned Service Payments and the Minimum Service Payments, and grants to the Authority the City's right to receive the Assigned Service Payments and the Minimum Service Payments to secure the payment of Bond Service Charges on the Bonds, which right the Issuer has pledged and assigned to the Trustee under the Indenture to secure the payment of Bond Service Charges on the Bonds. Accordingly, to the extent that Assigned Service Payments and Minimum Service Payments are available on each May 1 and November 1 to pay Bond Service Charges, the City, not later than the first business day following each May 1 and November 1 of each year shall deliver the Assigned Service Payments and the Minimum Service Payments to the Trustee, on behalf of the Authority, for the payment of Bond Service Charges next coming due and payable. All such Assigned Service Payments and the Minimum Service Payments shall be paid to the Trustee at the Trustee's Notice Address, or at such other address as the Trustee shall designate in writing for deposit in the Bond Fund for payment of Bond Service Charges on the Bonds in accordance with the Indenture.

Notwithstanding anything in this Cooperative Agreement to the contrary, the City's obligation under this Cooperative Agreement to pay the Assigned Service Payments and the Minimum Service Payments shall be a special obligation of the City and shall be required to be made solely from the funds deposited in the TIF Fund and available for assignment to the Authority in accordance with the TIF Ordinance, the Development Agreement and this Cooperative Agreement. The obligations of the City under this Cooperative Agreement are not and shall not be secured by an obligation or pledge of any moneys raised by taxation. The obligations of the City under this Cooperative Agreement do not and shall not represent or constitute a debt or pledge of the faith and credit or taxing power of the City, and neither the Authority, nor the Holder of the Bonds has or shall have any right to have taxes levied by the City for the payment of the Assigned Service Payments or Minimum Service Payments.

All of the obligations of the Authority and the City under this Cooperative Agreement are hereby established as duties specifically enjoined by law and resulting from an office, trust, or station upon the City and the Authority, respectively, within the meaning of Section 2731.01 of the Ohio Revised Code and shall be enforceable by mandamus.

Section III.2. Issuance of the Bonds

. On the Closing Date, the Authority will issue, authenticate and deliver the Bonds to the Original Purchaser in substantially the form set forth in the Indenture and in accordance with the terms set forth in the Bond Resolution, the Indenture and the Placement Agreement.

Section III.3. Provisions Related to Calculation Agent.

(a) Calculation Agent. The Issuer and the City shall designate a Calculation Agent from time to time that is mutually agreeable to the Issuer and the City. The Issuer and the Calculation Agent shall execute the Calculation Agent Agreement that shall set forth the scope of the Calculation Agent's duties. The Calculation Agent will be paid the Calculation Agent Fee for its services under the Calculation Agent Agreement.

(b) Calculation Agent Determination of Minimum Service Payments. On or before August 15 of each year commencing on or before August 15, 2027, the Calculation Agent, using the most recent assessed valuation for each Parcel as shown on the official records of the County Auditor, the Tax Rate for the TIF Parcels, and any other official records of the County Auditor, shall determine, based on the Minimum Service Payment Schedule attached to the TIF Declaration, the amount of the semi-annual TIF Parcel Deficiency Amount (constituting a Minimum Service Payment) due during the following calendar year, if any, for each Parcel, and shall provide notice to the Authority, the City, the Trustee and any Owner of a Parcel of such determination. Upon receipt of the Calculation Agent's determination, the City shall levy the TIF Parcel Deficiency Amount on the TIF Parcels as a Minimum Service Payment due and payable in the following calendar year. The Minimum Service Payment will be placed by the County Auditor on the tax duplicate for the applicable Parcels for collection in accordance with the procedures set forth in Section 5709.91 of the Ohio Revised Code. The City will remit any TIF Parcel Deficiency Amount received with respect to the TIF Parcels to the Trustee to pay Bond Service Charges on the Bonds when due. To the extent the actual Assigned Service Payments for a year in which a TIF Parcel Deficiency Amount is assessed exceeds the amount calculated by the Calculation Agent, such that a Minimum Service Payment paid in accordance herewith exceeded the amount required, the excess shall be paid to each Owner.

ARTICLE IV

Additional Covenants and Agreements

Section IV.1. Indemnification by the Developer.

(a) The Developer releases the Authority, the City, the Trustee and their respective officers, officials, directors, employees and agents, (collectively, the "Indemnified Parties") from, and agrees that the Indemnified Parties shall not be liable for and indemnifies the Indemnified Parties against, all liabilities, claims, fines, penalties, losses, costs and expenses, including out-of-pocket and incidental reasonable expenses and reasonable legal fees, imposed upon, or incurred or asserted against an Indemnified Party on account of: (i) any loss or damage to property or injury to or death of or loss by any person that may be occasioned by any cause whatsoever pertaining to the acquisition, construction, installation, equipping and improvement of the Public Infrastructure Improvements; or (ii) any breach or default on the part of the Developer in the performance of any covenant, obligation or agreement of the Developer, or arising from any act or failure to act by the Developer under this Cooperative Agreement, any other Transaction Document, or any contract for the construction or provision of the Public Infrastructure Improvements to which the Developer is a party; (iii) any representation or warranty made by the Developer to any of the Indemnified Parties in this Agreement or the other Transaction Documents to which it is a party proving to be false or misleading in any material respect when made or given; (iv) the issuance, sale, redemption or servicing of the Bonds; (v) any action taken or omitted to be taken by the Authority, the City or the Trustee pursuant to the terms of this Agreement or any other Transaction Document; and (vi) any claim, action or proceeding brought with respect to any matter set forth in clause (i), (ii), (iii), (iv), or (v) above; provided, that for the Indemnified Party seeking indemnification and release, such losses did not result solely from (x) the willful misconduct or gross negligence of such Indemnified Party; (y) its breach of any material representation, warranty or covenant made by it in this Cooperative Agreement or in any of the Transaction Documents to which it is a party; or (z) any lien granted by it on the TIF Parcels, other than a lien arising under the terms of the Transaction Documents.

(b) In case any claim or demand is at any time made, or action or proceeding, whether legal or administrative, is brought, against or otherwise involving an Indemnified Party in respect of which indemnity may be sought hereunder, the Indemnified Party seeking indemnity promptly shall give notice of that action or proceeding to the Developer, and the Developer, upon receipt of that notice, shall have the obligation upon the request of the Indemnified Party to assume the defense of the action or proceeding; provided, that failure of the Indemnified Party to give that notice shall not relieve the Developer from any of its obligations under this section unless, and only to the extent, that failure prejudices the defense of the action or proceeding by the Developer. Each Indemnified Party may, however, retain its own counsel and still be indemnified against the cost of employing counsel and all other reasonable expenses despite an assumption of the defense by the Developer if such Indemnified Party believes in good faith that there are defenses available to it which are adverse to or in conflict with those available to the

Development and which such Indemnified Party believes in good faith cannot be effectively asserted by common counsel. The Developer agrees that it will not settle any claim or action without the consent of the applicable Indemnified Party.

(c) Nothing in this Agreement is meant to release, extinguish or otherwise alter or interfere with any rights which the Indemnified Parties may now or hereafter have against the Developer for any environmental liabilities as a result of the Developer's former, present or future ownership, occupancy or use of or interest in, any real property included in or in the vicinity of the Development.

(d) The indemnification set forth in this Section 4.1 is intended to and shall include the indemnification of each Indemnified Party and each Indemnified Party's successors and permitted assigns. That indemnification is intended to and shall be enforceable thereby to the full extent permitted by law and shall survive the termination of this Agreement and repayment of the Bonds.

Section IV.2. Payment of Administrative Fees

. The Developer agrees to pay the following fees in connection with the Bonds:

(a) While the Bonds are Outstanding, the Extraordinary Expenses, payable within 30 days of receipt by the parties hereto of an invoice therefor.

(b) While the Bonds are Outstanding, the Administrative Amounts, including any fees and expenses of the Issuer, the Trustee, and the Calculation Agent including without limitation reasonable attorneys' fees and expenses, incurred by the Issuer or the Trustee in connection with the enforcement of the obligations under this Cooperative Agreement and the other Transaction Documents to which the Developer is a party, payable within 30 days of receipt by the Developer of an invoice therefor.

Section IV.3. Developer, Authority and City Not to Adversely Affect Exclusion from Gross Income of Interest on Bonds

. The Developer, the Authority and the City each represent that it has taken and caused to be taken, and covenants that it will take and cause to be taken, all actions that may be required of it, alone or in conjunction with any other Cooperative Party, for the interest on the Bonds to be and remain excluded from gross income for federal income tax purposes, and represents that it has not taken or permitted to be taken on its behalf, and covenants that it will not take or permit to be taken on its behalf, any actions that would adversely affect such exclusion under the provisions of the Internal Revenue Code of 1986, as amended.

(End of Article IV)

ARTICLE V

Events of Default and Remedies

Section V.1. Events of Default

. Each of the following shall be an Event of Default:

(a) The City fails to pay to the Trustee the Assigned Service Payments or the Minimum Service Payments when due.

(b) The Authority, the City or the Developer fails to observe and perform any agreement, term or condition contained in this Cooperative Agreement to be performed by it, and the failure continues for a period of 30 days after notice to the defaulting Cooperative Party, or for such longer period as the non-defaulting Cooperative Party may agree to in writing. But if the failure is other than the payment of money and is of such nature that it can be corrected but not within the applicable period, that failure shall not constitute an Event of Default so long as the defaulting Cooperative Party institutes curative action within the applicable period and diligently pursues that action to completion.

(c) Any representation or warranty made by the Authority, the City or the Developer in this Cooperative Agreement, in any of the other Transaction Documents or in any other document or instrument furnished in connection with this Cooperative Agreement or any of the other Transaction Documents proves to have been false or misleading in any material respect when made or given.

Section V.2. Remedies on Default

. Whenever an Event of Default occurs and is continuing, any one or more of the following remedial steps may be taken:

(a) The Authority, the City and the Developer may exercise any or all or any combination of rights or remedies available to it against the defaulting party in this Cooperative Agreement or the other Transaction Documents.

(b) If the City is the defaulting party, the Authority and the Developer may have access to, inspect, examine and make copies of the books, records, accounts and financial data of the City pertaining to the Assigned Service Payments and Minimum Service Payments.

(c) The Authority and the Developer may pursue all remedies now or hereafter existing at law or in equity to collect all amounts then due and thereafter to become due and owed to them under this Cooperative Agreement or the other Transaction Documents or any other agreement entered into by any of the Cooperative Parties pursuant to any of the Transaction Documents.

Section V.3. No Remedy Exclusive

. No remedy conferred upon or reserved to a non-defaulting Cooperative Party by this Cooperative Agreement is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Cooperative Agreement, or now or hereafter existing at law, in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair that right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle a non-defaulting Cooperative Party to exercise any remedy reserved to it in this Cooperative Agreement, it shall not be necessary to give any notice, other than any notice required by law or for which express provision is made herein.

Section V.4. No Waiver

. No failure by a Cooperative Party to insist upon the strict performance by another Cooperative Party of any provision of this Cooperative Agreement shall constitute a waiver of its right to strict performance and no express waiver shall be deemed to apply to any other existing or subsequent right to remedy the failure such Cooperative Party to observe or comply with any provision of this Cooperative Agreement.

Section V.5. Notice of Default

. Each Cooperative Party shall notify the other Cooperative Parties promptly if it becomes aware of the occurrence of any Event of Default hereunder or of any fact, condition or event that, with the giving of notice or passage of time or both, would become an Event of Default.

. All notices, certificates, requests or other communications hereunder shall be in writing and shall be deemed to be sufficiently given when mailed by registered or certified mail, postage prepaid, or delivered by overnight courier service, and addressed to the appropriate Notice Address; provided, however, that any notice to the Trustee shall not be deemed to be given until received by it. Section VI.3. Extent of Covenants; No Personal Liability

. All covenants, obligations and agreements of the Cooperative Parties contained in this Cooperative Agreement and the other Transaction Documents shall be effective to the extent authorized and permitted by applicable law. No such covenant, obligation, or agreement shall be deemed to be a covenant, obligation or agreement of any present or future officer, official, employee or agent of the Authority, the City or their respective Legislative Authorities in other than its official capacity, and neither the members of any Legislative Authorities nor any official executing the Transaction Documents or the Bonds will be liable personally on such Transaction Documents or Bonds or be subject to any personal liability or accountability by reason of the issuance of the Bonds or by reason of the covenants, obligations or agreements of the Authority or the City contained in this Cooperative Agreement or in the other Transaction Documents. In the event of any inconsistency, conflict or ambiguity as to the rights and obligations of the parties under this Cooperative Agreement, the Development Agreement or the TIF Ordinance, the terms of this Cooperative Agreement shall control and supersede any such inconsistency, conflict or ambiguity.

The obligations of the Authority relating to the Bonds and this Cooperative Agreement will be taken at the direction and expense of the Developer. The Authority may rely on the Developer's direction in determining whether an action should be taken.

Section VI.4. Binding Effect

Section VI.5. Amendments and Supplements

. Except as otherwise expressly provided in this Cooperative Agreement or the other Transaction Documents, subsequent to the issuance of the Bonds and while any such Bonds are outstanding, no provision of this Cooperative Agreement or the other Transaction Documents relating to the payment of the Assigned Service Payments or Minimum Service Payments or the security for the Bonds may be effectively amended, changed, modified, altered, or terminated except in accordance with the Indenture. In no event shall any amendment or modification to this Cooperative Agreement be effective unless signed by all of the Cooperative Parties.

Section VI.7. Severability

. If any provision of this Cooperative Agreement, or any covenant, obligation or agreement contained herein is determined by a court to be invalid or unenforceable, that determination shall not affect any other provision, covenant, obligation or agreement, each of which shall be construed and enforced as if the invalid or unenforceable portion were not contained herein. That invalidity or unenforceability shall not affect any valid and enforceable application thereof, and each such provision, covenant, obligation or agreement shall be deemed to be effective, operative, made, entered into or taken in the manner and to the full extent permitted by law.

Section VI.8. Limitation of Rights

. With the exception of rights conferred expressly in this Cooperative Agreement, nothing expressed or mentioned in or to be implied from this Cooperative Agreement is intended or shall be construed to give to any Person other than the Cooperative Parties and the Holders

any legal or equitable right, remedy, power, or claim under or with respect to this Cooperative Agreement or any covenants, agreements, conditions and provisions contained herein. This Cooperative Agreement and all of those covenants, agreements, conditions, and provisions are intended to be for the sole and exclusive benefit of the Cooperative Parties and the Holders.

Section VI.9. Governing Law
