**SUBJECT: Have you reviewed your gas rate options lately?**

Dominion Energy Ohio (DEO) is working to enhance customer knowledge of its Energy Choice program. Our research showed that customers are aware of Energy Choice but some are unsure how the program works. As a Dominion Energy Ohio customer you have options when it comes to your gas supply. This letter is to inform you of your options.

As of the date of this letter, you receive natural gas through an Energy Choice supplier at a contract rate. To find your current supplier and gas cost (per Mcf), just take a look at the Current Charges section of your Dominion Energy Ohio bill. (See example provided.)

We encourage customers to review gas rate options periodically. Rate plans available to eligible nonresidential and large-volume residential customers are:

Energy Choice	Participating suppliers offer contract rates. Please visit the Energy Choice Ohio website of the Public Utilities Commission of Ohio (PUCO) at <a href="http://www.energychoice.ohio.gov">www.energychoice.ohio.gov</a> for its "Apples to Apples" competitive retail natural gas supplier comparison chart. To receive a comparison chart by mail, call the PUCO "Apples to Apples" toll-free at 1-800-686-PUCO(7826). Energy Choice contracts may be subject to early termination fees.
Government Aggregation	Join an aggregation program in your community, if one is available and open to enrollment. You may wish to contact your community or visit <a href="http://www.energychoice.ohio.gov">www.energychoice.ohio.gov</a> for an aggregation map. Aggregation programs may be subject to early termination fees.
Monthly Variable Rate (MVR)	The MVR is a natural gas cost rate for residential and nonresidential customers whose Energy Choice or opt-in governmental aggregation contract has expired and who have not selected one of the other three rate plan options. Under this rate, Dominion Energy Ohio assigns a participating supplier to provide gas supply at that supplier's prevailing rate. Call your supplier with questions; there are no early termination fees for MVR customers to change rate options.

If you change plans, your account may move initially to Dominion Energy Ohio's Standard Service Offer (SSO) rate for up to two months while arrangements are made for gas supply under your new rate plan. If you become a Monthly Variable Rate (MVR) customer, you will see the MVR title below your supplier's name.

Visit [www.energychoice.ohio.gov](http://www.energychoice.ohio.gov) or [dominiongaschoice.com](http://dominiongaschoice.com) for supplier rate plan offers, questions to ask suppliers and more. Rate options are your choice; Dominion Energy Ohio cannot direct a customer to a particular rate option.
