## 2020 Crack Seal Project

### PROJECT SUMMARY:

This project consists of Crack Sealing asphalt streets per ODOT Item 423 Crack Sealing, Type II.

### PROJECT LOCATION:

This project is located at various locations within the corporation limits of the City of Wadsworth, Ohio as illustrated on the included map.

### QUOTATION SUBMISSION:

Quotations are due by e-mail (vmccauley@wadsworthcity.org) or by mail. No hand delivered quotes will be accepted due to the uncertainty surrounding the COVID-19 pandemic. If mailed, the quotation shall be enclosed in a sealed opaque envelope bearing the name of the Quoter and marked "QUOTATION – 2020 CRACK SEAL PROJECT" Quotations are to be addressed to Wadsworth City Engineering, City Hall, 120 Maple Street, Wadsworth, Ohio 44281 and must arrive by the deadline indicated below. If emailed, please include "QUOTATION – 2020 CRACK SEAL PROJECT" in the subject heading. Please direct all general inquiries to Gina Brescilli, Engineering Project Manager at gbrescilli@wadsworthcity.org. Quotations must be received no later than **Wednesday, August 19, 2020 at 1:00 P.M.**

### GENERAL:

Quantities are estimated. The City will limit the work to a maximum amount of \$40,000. Therefore, quantities may be added or deleted at the City's discretion. The Contractor shall furnish all labor, components, materials, tools, and appurtenances necessary for the performance and completion of the contract.

Award of the contract will be determined through an evaluation of quotes and in the best interest of the City.

### INSPECTION HOURS:

An inspector from the City will be required on the job. Normal working hours are from 7:30 a.m. until 4:30 p.m., Monday through Friday. On work outside normal working hours, authorized by the City and requiring inspection, the Contractor will be billed for and shall pay for overtime hours. No weekend work will be allowed without 48 hour notice and approval from the City Engineer. The City Engineer reserves the right to deny weekend work if City Personnel is not available to cover the shift.

In the event that an inspector is needed for work that is not authorized for payment, that is due to the Contractor's negligence or poor workmanship, or that is beyond the time of completion of the project, the Contractor will be billed for and shall pay for the inspector's hours.

CITY ENGINEER:

Except as otherwise provided in this agreement the City Engineer, under the direction of the Director of Public Service, shall act as the City's representative in regard to this contract. The City Engineer shall in all cases determine the amount, quality, acceptability and fitness of the work and materials which are to be paid for under this contract. The City Engineer shall determine all questions in relation to said work and the performance thereof and decide every question which may arise regarding the fulfillment of this contract on the part of the Contractor. The City Engineer shall provide the Contractor with construction documents from which the work is to be built.

The order of sequence of execution of the work, the methods of construction, and the general conduct of the work shall at all times be determined by the Contractor, subject to the approval of the City Engineer. If, at any time before the commencement or during the progress of the work or any part of it, such methods, features and appliances used or to be used appear to the City Engineer to be unsafe, insufficient or improper, the City Engineer may order the Contractor to increase their safety or efficiency or to improve their character and the Contractor shall conform to such order. The failure of the City Engineer to demand any such increase of safety, efficiency, adequacy or improvement shall not release the Contractor from its obligation to secure the safe conduct and quality of the work specified. The City shall not be liable for failure to issue an order pursuant to this paragraph.

If defective work is suspected and the City Engineer so requires, the Contractor shall uncover, take down, or make openings in the finished work for the purpose of examination at such points as the City Engineer designates.

If, at any time before the final acceptance of the work, any materials or workmanship shall be discovered which does not comply with the specifications and contract drawings, it shall be immediately removed or otherwise remedied by the Contractor as the City Engineer directs when the Contractor is notified in writing by the City Engineer to do so.

If the City finds it to be necessary and proper to do so, the City may designate an engineer or engineering firm other than the City Engineer to perform the functions assigned to the City Engineer under the terms of this contract. When the Contractor is notified by the City in writing of such designation, the engineer or engineering firm so designated shall perform the functions and exercise the power assigned to the City Engineer pursuant to this contract.

CITY RIGHTS:

- A. The City reserves the right to stop the work when in the City's judgment the Contractor's work or activities are threatening the health and safety of the public or endangering the environment or endangering the waters of the State. Work shall not proceed until a satisfactory resolution has been achieved, according to the City.
- B. No Contractor or Subcontractor will perform any work not specifically identified in the work schedule unless approved by the City.

EMERGENCY RESPONSE:

The Contractor shall provide direct contact information to the City. These numbers are intended for the City's use in contacting the evening/weekend/holiday emergency work crew for emergencies resulting from the Contractor's actions or lack thereof during this project. This crew shall be responsible for contacting the City within one-half hour after the first verbal and electronic notification. If the Contractor's crew has not responded to the site of the emergency within one hour of the first contact, verbal and electronic, the City will make all necessary repairs and bill the Contractor for all work performed. Costs related to the emergency response will be incidental to the contract and not measured for payment.

DECREASE/INCREASE IN SERVICE AND STOP WORK DUE TO INCLEMENT WEATHER:

The City, at its option, may increase or decrease any or all service requirements provided for under this contract. The City further reserves the right to suspend or stop the performance of any or all of the work of this contract due to inclement weather conditions.

PRE-CONSTRUCTION MEETING:

- A. Following award of the contract and before starting any work the Contractor, Job Superintendent/Project Manager, and Crew Leader shall meet with the City. The Contractor will be notified of the date, time, and place of the meeting.
- B. The Contractor shall submit the following information at the pre-construction meeting:
  - a. A list of 24 hour emergency contact names and numbers for the contractor and any subcontractors.
  - b. A written construction schedule indicating dates anticipated to start the various operations, milestones and duration of road closure. The Contractor shall revise and resubmit the schedule for any changes during the duration of the project.
  - c. Maintenance of Traffic plan.

MAINTENANCE OF TRAFFIC:

- A. The Contractor shall be responsible for maintaining "local" traffic at all times. The Contractor will be responsible for obtaining all permits required for maintenance of traffic.
- B. The Contractor shall not begin work until standard barricades and warning signs are in an acceptable position and the markers and signs conform to the current Ohio Manual of Uniform Traffic Control Devices (OMUTCD) and all applicable state and local requirements. The Contractor assumes all responsibilities and liabilities regarding strict adherence to applicable sections for the maintenance of traffic and public safety as set forth in the OMUTCD, and other applicable regulations. All traffic control devices must be in place prior to starting work. The contractor shall supply and maintain adequate signs, barricades, lights, arrows, flaggers, etc., as necessary to comply with the OMUTCD.

- C. No construction signs shall be placed on existing poles or posts.
- D. The cost of maintenance of traffic shall be incidental to the contract and not measured for payment. The cost of all traffic control devices shall not be paid separately, but shall be included in the other price items in the contract.
- E. The Contractor shall maintain local traffic at all times during all phases of this project in a manner causing the least amount of inconvenience to the abutting property owners.
- F. The use of at least 2 flaggers is required when controlling bidirectional traffic regardless of traffic volume.
- G. If the project requires a moving operation (for example: grinding, milling, painting, paving, etc.), OMUTCD Figure TA-10 or ODOT Standard Construction Drawing MT-97.11 shall be followed.
- H. The Contractor must properly close, barricade, and sign any sidewalks, when construction operations will affect safe pedestrian access. Sidewalk closed ahead signs shall be placed in advance of any sidewalk closure at the last open intersection to allow pedestrians to cross the street following an ADA compliant route. Pedestrian detour signage shall be erected.
- I. The portion of the pavement not affected by the work shall be kept clear of all material and equipment.
- J. The Contractor shall hold harmless the City and all its representation from all suits, actions, claims of any character brought on account of any injuries or damages sustained by any person or persons or property in the performance of this contract.
- K. If at any time traffic has to be blocked (emergencies only), the Contractor shall notify the City as well as specific departments such as the fire, police departments and service departments.
- L. All lane closures shall be held to a minimum distance. Flaggers will be required as necessary in accordance with the OMUTCD and/or the FHWA guidelines to properly and safely control traffic during lane closures.
- M. If, in the opinion of the City, the Contractor refuses to provide proper traffic control, maintenance of control devices, dust control, or keep the adjacent roadways clean, the City may take the necessary steps to correct such conditions, the cost of which will be deducted from the contract amount.

**MOBILIZATION:**

The cost of mobilization, as defined per ODOT Item 426 – Mobilization, shall be incidental to the contract and not measured for payment. The cost of all items related to mobilization shall not be paid separately, but shall be included in the other price items in the contract.

USE OF PREMISES:

- A. The Contractor shall not trespass upon or in any way disturb private property without first obtaining written permission from the property owner and/or City or Prime Contractor as appropriate to do so. A copy of such written permission shall be furnished to the City prior to accessing the site.
- B. If the Contractor finds it necessary to obtain additional working area, it shall be the Contractor's responsibility for its acquisition.
- C. The Contractor shall, at no additional expense, restore such property to the original condition in the sole and unfettered opinion of the City. The Contractor must take photographs and/or videos of existing properties prior to disturbance of each property, and make a copy available to the City.

PHOTOGRAPHY, TRAIL CAMERAS, AND WEB-CAMERAS:

The Contractor's work may be photographed and videoed during construction.

CLEANUP:

The Contractor shall keep the work area in an uncluttered condition by the frequent removal of debris. The Contractor shall remove all debris and unused material and leave the area in a condition similar to the condition of the area before any work was performed.

ACCESS TO MUNICIPAL WATER SUPPLIES:

All water used on the project may be furnished by the City at the city water treatment plant, free of charge, but subject to the needs of the City and its control. All apparatuses and vehicles filling off the water treatment plant's bulk water line shall have an air gap as approved by the City. Fire hydrants shall not be used as a source of water.

SPOIL MATERIAL:

Spoil material from the job shall be hauled by the Contractor to a suitable site with the express written permission of the owner of the property where the material is to be dumped. If disposal area is within the City of Wadsworth, the contractor must submit and obtain an approval of a grading plan showing the fill will not impact drainage, wetlands, streams, structures, easements or utilities. Proper erosion controls measures shall be installed at the disposal site.

PROTECTION OF CATCH BASINS, INLETS AND WATERWAYS:

The Contractor must properly protect all catch basins, inlets, and waterways. No sediment, concrete wash, construction debris or residuals shall enter the storm system at any time. Proposed protection plan must be submitted and approved by the City prior to the work commencing. If the measures do not adequately protect the system, the Contractor shall remedy the issue immediately.

The cost of this work shall be incidental to the contract and not measured for payment. The cost of all measure shall not be paid separately, but shall be included in the other price items in the contract.

STATE COMPENSATION AND INSURANCE:

The Contractor shall be required to furnish certificate showing that he has complied with the Ohio Workers' Compensation Act and shall relieve the City from any and all costs and expenses which may be due to accidents or other liabilities mentioned in said Act.

- A. Workers' Compensation Insurance: The Contractor shall procure and shall maintain during the life of this contract Workers' Compensation Insurance for all his employees to be engaged in work on the project under this contract and, in case any such work is sublet, the Contractor shall require the subcontractor similarly to provide Workers' Compensation Insurance for all of the latter's employees to be engaged in such work unless such employees are covered by the protection afforded by the Contractor's Workers' Compensation Insurance.
- B. Proof of Carriage of Insurance: The Contractor shall furnish the City with satisfactory proof of carriage of the insurance required. Three copies of each are required.
- C. Public Liability and Property Damage Insurance, Contingent Public Liability and Contingent Property Damage Insurance: The Contractor shall take out and maintain during the life of the contract, such Public Liability (Contractor's Public Liability), Contingent Public Liability (Contractor's Property Damage) Insurance, and Contingent Property Damage (Contractor's Protective Property Damage) Insurance as shall protect him and any subcontractor performing work covered by this contract from claims for damages for personal injury including accidental death as well as claims for property damages which may arise from operations under this contract, whether such operations be by himself or by any subcontractor or by anyone directly or indirectly employed by either of them. The Contractor shall maintain coverage of the types and in the amounts herein below specified for all work sublet, either by furnishing riders to his own Public Liability and Property Damage Insurance Policies or by requiring the subcontractor concerned to furnish their own Public Liability and Property Damage coverage in the amounts herein below specified. The amounts of such insurance shall be as follows:

Public Liability and Contingent Public Liability Insurance in an amount not less than \$1,000,000 for injuries, including accidental death, to any one (1) person, and subject to the same limit for each person in an amount not less than \$1,000,000 on account of each accident.

Direct and Contingent Property Damage Insurance in an amount not less than \$1,000,000 for each occurrence.

Insurance covering the Contractor and subcontractors may be accepted by the City in amounts less than those herein above specified, provided that the following conditions shall be fulfilled:

- a. The Contractor shall furnish evidence satisfactory to the City that the insurance coverage offered is adequate for the risk involved.
- b. The Contractor shall give to the City a money credit equal in amount to the difference between premium on insurance in the amounts herein above specified and the premium on the insurance offered.

Insurance, to be acceptable, must not be subject to change or cancellation in less than ten (10) days after receipt of notice by the insured and by the City. Prior to the start of construction on each contract or subcontract, sufficient documentary evidence to establish full compliance with these insurance requirements shall be submitted to the City. If any part of the contract is sublet, the Contractor is responsible for the part sublet being adequately covered by insurance herein above mentioned.

**INDEMNIFICATION:**

The Contractor agrees to indemnify and to hold City harmless and immune from any and all claims for injury or damages arising from this agreement which are attributable to Contractor's own actions or omissions or those of its officers, agents, employees, subcontractors, suppliers or third parties utilized by Contractor while acting under this agreement. Such claims shall include all claims for bodily injury, personal injury and property damage that may arise from Contractor's and its subcontractor's operations in performance of the work and any claims made under the Fair Labor Standards Act or under any other federal or state law involving wages, overtime or employment matters and any claims involving patents, copyrights and trademarks.

**WORKERS' COMPENSATION:**

Contractor shall procure and shall maintain during the life of this contract workers' compensation insurance for all its employees to be engaged in work on the project under this contract and, in case any such work is sublet, Contractor shall require the subcontractor similarly to provide workers' compensation insurance for all of the latter's employees to be engaged in such work unless such employees are covered by the protection afforded by Contractor's workers' compensation insurance. Contractor shall be required to furnish a copy of a certificate showing that it has complied with the Ohio Workers' Compensation Act and shall relieve City from any and all costs and expenses which may be due to accidents or other liabilities mentioned in said Act.

**WITHHOLDING CITY INCOME TAXES:**

The Contractor hereby further agrees to withhold all City of Wadsworth income taxes due or payable under the provisions of the Title Eight of Part One of the Codified Ordinances of the

City of Wadsworth, Ohio, for wages, salaries, and commissions paid to its employees and further agrees that any of its subcontractors shall be required to agree to withhold any such City of Wadsworth income taxes due under said Title for services performed under this contract.

PAYMENT OF WITHHELD FUNDS:

A retainage of 8% for the first 50% of the original contract amount may be withheld at the City's discretion.

At the Contractor's option, if the City withholds retainage, the Contractor may request that the City deposit the retainage into an escrow account. The City's deposit of retainage into an escrow account is subject to the following conditions:

- a. The Contractor shall bear all expenses of establishing and maintaining an escrow account and escrow agreement acceptable to the City.
- b. The Contractor shall deposit to and maintain in such escrow only those securities or bank certificates of deposit as are acceptable to the City and having a value not less than the retainage that would otherwise be withheld from partial payment.
- c. The Contractor shall enter into an escrow agreement satisfactory to the City.
- d. The Contractor shall obtain the written consent of the surety to such agreement.
- e. The Contractor must advise the City of their desire for retainage to be held in escrow prior to submission of the first invoice for payment.

TIME OF COMPLETION:

The Contractor shall complete all work activities included in this contract as defined in this RFQ, Contract Documents and the Agreement between City and Contractor based on the Time of Completion table shown below:

Time of Completion Table

Milestone	Date
Substantial Completion	October 16, 2020
Final Completion	November 20, 2020

For the purposes of this contract the following definitions shall apply:

Substantial Completion shall mean the Work of the Contract has progressed to the point where the Work (or a specific part of the Work) is essentially and satisfactorily complete in accordance with the Contract Documents, as modified by approved Change Orders, Field Orders or a Minor Change in Work, and is ready for full occupancy or use by the City in the manner intended without inconvenience or discomfort and includes all local, state and federal approvals, permits and licenses required by all governmental agencies having jurisdiction over the Project. The determination by the City Engineer on the status of Substantial Completion shall generally but

not specifically mean or include: all materials, features, underground facilities, accessories and similar elements are installed in the proper manner and in operating condition; masonry and concrete cleaned with any sealer or other finish applied; and other work to a similar state of essential and satisfactory completion. A minor amount of work, as determined by and at the discretion of the City, such as installation of minor accessories or items, a minor amount of painting, seeding, landscaping, minor replacement of defective work, minor adjustment of controls, completion or correction of minor site or exterior work that cannot be completed due to weather conditions, will not delay the determination of Substantial Completion.

Final Completion shall mean when all of the Work of the Contract Documents completely fulfills all of the terms of the Contract Documents without exception. This includes the submission of all final close-out paperwork of the Contract.

**CONTRACTOR FINAL PROJECT DOCUMENTATION:**

Approval of final payment to the Contractor is contingent upon completion and submittal of the items listed below. The final payment will not be approved until the City approves the Contractor’s final submittal. The Contractor shall:

- a. Provide weekly payroll records (not previously received) from the general Contractor and all subcontractors.
- b. Complete final cleanup.
- c. Complete all punch list items identified during the Final Inspection.
- d. Provide complete release of all claims for labor and material arising out of the Contract.
- e. All other close-out documents required by the Owner

**LIQUIDATED DAMAGES:**

The Contractor shall complete all work activities included in this contract as defined in the General Conditions to the Agreement between City and Contractor based on the Time of Completion table. If the Contractor does not meet the contract schedule the liquidated damages shown below will be applied:

Liquidated Damages Table

Milestone	Liquidated Damages Amount per Calendar Day
Substantial Completion	\$100.00
Final Completion	\$100.00

Delays caused by weather and seasonal conditions should be anticipated and will be considered as the basis for an extension of time when the Contractor’s approved project schedule depicts Work on the critical path and the actual workdays lost exceed the number of work days lost each month determined by the table below.

<b>Month</b>	<b>Number of Workdays Lost Due to Weather</b>
January	8
February	8
March	7
April	6
May	5
June	5
July	4
August	4
September	5
October	6
November	6
December	6

This table applies to the duration between the Notice to Proceed and original completion date. Extensions for weather days beyond the original completion date will be for the actual workdays lost each month.

The City Engineer will not consider weekends and holidays as lost workdays unless the Contractor normally works those days or unless the City Engineer directs the Contractor to work those days.

A weather day is defined as a workday that weather or seasonal conditions reduced production by more than 50 percent on items of work on the critical path. Submit the dates and number of weather days in writing to the City Engineer at the end of each month. In the event the Contractor fails to submit weather days at the end of each month the City Engineer will determine the dates and number of weather days from project records.

## **PART 1 - GENERAL**

The City of Wadsworth refers to Ohio Department of Transportation Construction and Material Specifications for many items of work included in this bid. For this project we will be referring to the 2019 version of the ODOT C&MS unless stated otherwise. Any item differing from the ODOT C&MS 2019 will refer to a particular year, be noted "As Per Plan," or be specified as "Special."

1. The City is seeking a qualified contractor to perform asphalt crack sealing and related work. The scope of work is to provide all supervision, labor, tools, equipment, and services required to perform crack sealing work as specified herein. Contractor shall furnish all necessary supervision, labor, equipment, tools, and transportation, and other resources for installation and hauling for all asphalt maintenance and repair services.
2. The Price bid for each item shall cover and shall be considered full compensation for the furnishing of all labor materials, equipment and incidentals necessary to complete all proposed, as set forth in the details and specifications and shall include the following:
  - a. All labor, materials, tools, equipment, and transportation necessary for the proper execution of the work in accordance with the Contract Documents and as necessary to comply with local, state, and federal codes.
  - b. Project coordination and scheduling.
  - c. All provisions necessary to protect workmen, the general public, and property along the work.
  - d. Reimbursement to City for costs of re-inspection or re-testing of any work not installed in compliance with the Contract Documents.
  - e. All erosion control measures commensurate with the Contractor's means and methods.
  - f. Maintenance of Traffic.
  - g. Mobilization/Demobilization
  - h. Bonds and Insurances
  - i. All Construction Layout Staking
  - j. All preconstruction video-taping
  - k. Any and all cleaning, joint sealing, etc.

## **PART 2 – SCOPE OF WORK**

The work covered under this contract includes asphalt crack sealing. The work will occur in residential and commercial areas throughout the City. The Contractor shall furnish all labor, materials, equipment, machinery, apparatus and tools, and perform all operations necessary to complete the work specified. Any labor, material, equipment or apparatus not specifically mentioned herein, which may be found necessary to complete or perform any portion of work

in a substantial manner and in compliance with the requirements stated or implied by the specifications, shall be furnished by the Contractor without additional compensation.

The contractor shall sequence their work as such that all commercial, apartment buildings, and industrial businesses have access at all times. This may require phasing work, utilizing plates, temporary drives, etc. without additional compensation.

It should be noted that the plan included in these documents, does not illustrate the exact areas designated for repair but is to serve as a guideline for the contemplated work. The City of Wadsworth will work with the Contractor throughout the course of the Contract as to the priority of the areas to be repaired up to a maximum total contract amount, not to exceed \$40,000.

The Contractor shall submit a Maintenance of Traffic plan for all areas of work for approval by the Engineer.

### **PART 3 – BID ITEMS**

#### **Item 1 – ODOT Item 423 Crack Sealing, Type II**

The price bid for this item shall include all labor, materials and equipment required to apply Crack Sealing, Type II in accordance with ODOT Item 423.

Payment of this item will be paid per LBS based on the approved work completed in accordance with the Contract Documents and accepted by the City Engineer.

#### **Item 2 - General Allowance**

The Allowance amount stipulated for Item 2 - General Allowance shall be an amount of \$1,000, to be used at the discretion of the City. The allowance may be used for payment of any unforeseen work items other than as specified or shown on the Contract Drawings and/or work directed by the City.

The allowance will be used to compensate the Contractor for all labor, materials, tools and equipment required for this work or for any other miscellaneous work to enhance the quality of the final product as directed. Authorization for work to be performed under this allowance shall be by written approval of the City Engineer.

The allowance will not be used to correct Contractor's errors or omissions. At the end of the Contract, all remaining funds will be deleted from the Contract.

**CONTRACT PRICE:**

The City shall pay the Contractor for completion of the work in accordance with the RFQ/Proposal Documents the estimated amount of \$\_\_\_\_\_ in accordance with the Bid Schedule as awarded by the City, as included in the Contract Documents, subject to additions and deductions by Change Order.

**QUOTE FORM**  
**CITY OF WADSWORTH, MEDINA COUNTY, OHIO**  
**2020 CRACK SEAL PROJECT CONTRACT 2020-273**

On each unit price estimated quantity item, the "ITEM BID AMOUNT" must equal "UNIT BID PRICE" multiplied by the "ESTIMATED QUANTITY". For example, if the quotation "UNIT BID PRICE" is \$5/Unit and the "ESTIMATED QUANTITY" is 1000 Units, the "ITEM BID AMOUNT" will be \$5,000.00. In case of discrepancy on unit bid price items, the "UNIT BID PRICE" multiplied by the "ESTIMATED QUANTITY" shall be considered as the intent of the Bidder. When the unit is a lump sum (LS), enter the lump sum amount under the "ITEM BID AMOUNT" only.

ITEM NO.	ITEM DESCRIPTION	ESTIMATED QUANTITY	UNIT	UNIT BID PRICE		TOTAL BID PRICE	
				DOLLARS	CENTS	DOLLARS	CENTS
